

# Shakespeare's Flowers

## HYSSOP

### IAGO

'Tis in ourselves that we are thus or thus.  
Our bodies are our gardens,  
to the which our wills are gardeners;  
so that if we will plant nettles or sow lettuce,  
set HYSSOP, and weed up thyme,  
supply it with one gender  
of herbs or distract it with many,  
either to have it sterile  
with idleness, or maimed with industry,  
why the power and corrigible authority  
of this lies in our wills.

—*Othello* [Act I, sc. 3]

## INSANE ROOT

### BANQUO

Were such things here as we do speak about?  
Or have we eaten on the INSANE ROOT  
That takes the reason prisoner?

—*Macbeth* [Act I, sc. 5]
